Custom-designed energy storage solutions for commercial and industrial businesses: Our systems are optimized for peak shaving, demand charge reduction, energy arbitrage, and backup power, ...

20-120kWh Scalable Battery Storage System for Energy Backup. This Battery Storage System provides reliable backup and solar storage. It supports energy needs from 20kWh up to 120kWh. Built with ...

Power storage solutions for commercial and industrial projects (ESS) with a wide capacity range from 50 kW to 1 MW, with multiple power storage configuration options from 2 to 5 hours.

With advanced BMS intelligence for precise State of Charge (SoC) and State of Health (SoH) tracking, these battery cabinets simplify installation, reduce maintenance, and optimize runtime.

Whether supporting peak shaving, demand response, or renewable integration, the 120kWh Micro-grid Air-cooled ESS is your trusted solution for next-generation energy storage systems in the C& I sector.

Huijue Group offers industrial and commercial energy storage, PV-BESS -EV Charging, Off-grid / On-grid Microgrid, telecom site solutions, and home solar energy storage, ensuring ...

The 120 kW automatic switching cabinet integrates STS-based control, protection, and monitoring functions to enable safe and automatic grid-connected and off-grid operation works with energy ...

Featuring lithium-ion batteries, integrated thermal management, and smart BMS technology, these cabinets are perfect for grid-tied, off-grid, and microgrid applications. Explore reliable, and IEC ...

This is a DC-coupled or AC-coupled compatible energy storage system. It can be seamlessly integrated with both new and existing commercial solar installations, storing excess solar energy produced ...

120kWh Smart Energy Storage Cabinet for 5G Microstations

Discover our scalable 50kW/120kWh sodium-ion energy storage cabinet, designed for efficiency and air-cooled performance. Power your future sustainably!
