Can a 30kw/lynx C 60kWh cabinet be expanded?

An ET 30kW/Lynx C 60kWh cabinet can be expanded by adding up to two additional Lynx C batteries (excluding the inverter compartment), creating a 30kW/180kWh system. Further expansions will be possible through parallel connection of the ET series inverter, a feature that will be added shortly.

How can a pm solicit a Solar System proposal?

To solicit proposals for a solar system, a PM can issue a competitive RFP publicly and to multiple certified installers, or request quotes directly from a few trusted installers. For either of these methods, the PM can use MassCEC's project and cost data to find installers who have completed nearby commercial projects.

What information should be gathered for a Solar System proposal?

The following information should be gathered: To solicit proposals for a solar system, a PM can issue a competitive RFP publicly and to multiple certified installers, or request quotes directly from a few trusted installers.

We offer a warranty of standard 60-month warranty from the delivery date. Our energy storage systems feature modular and intelligent designs. All units are fully assembled and tested before shipment. We ...
