Is there a government grant program for solar panels on farms?

One government grant program for solar panels on farms is called the Rural Energy for America Program (REAP). But first, what's this about "photovoltaic" initiatives? A photovoltaic system (PV system) is a more scientific word for the typical solar panel (or PV module) system we think of when we say "solar energy."

How much does a 250kW Solar System cost?

Buy the lowest cost 250kW solar kit priced from \$1.06 per watt with the latest, most powerful solar panels, inverters and mounting.

Are solar panels a good investment for your farm?

Did you know that the U.S. Department of Agriculture (USDA) offers financial assistance to fund photovoltaic energy projects on your farm or ranch? Solar panels can increase your operation's profitability. One government grant program for solar panels on farms is called the Rural Energy for America Program (REAP).
