Protection against all power failures, voltage regulation, power factor correction and harmonics is guaranteed.

Complete power protection and battery backup for business network equipment, servers, storage, and other critical equipment. High performance 3-Phase power protection for any size data center and ...

Adopting automotive-grade design, the system supplies high-voltage power directly, replaces lead-acid batteries, and meets ESG sustainability standards. It increases integration density, reducing the ...

The Conceptpower DPA 120 delivers power protection from 20 to 600 kW at 208V, both input and output, (one to six modules) in a single cabinet frame. Horizontal scalability is also given, with up to ...

Horizontal scalability is also available, with up to five cabinets in parallel, to increase total power up to 300kW with the DPA 60 and up to 600kW with the DPA 120.

Highly efficient, easy-to-deploy 120kW, 400V 3-phase UPS that brings best-in-class power protection and low total cost of ownership to edge, small and medium data centers, as well as to critical ...

It replaces a faulty or missing power supply. It is a safe, uninterrupted backup power solution that provides electrical protection for networks, data centers, critical systems and industrial manufacturing ...

Please advise which model number and quantity, then our sales will quote accordingly.

DPA 60 cabinet is 20-60kW with internal batteries. DPA 120 cabinet is 20-120kW with external battery cabinets.

These products integrate the latest energy management technologies and environmentally friendly materials, aiming to promote the green transformation of communication networks from source to ...
