Ensure safety in hazardous areas with certified explosion-proof electrical cabinets. NEMA 7/9 and ATEX compliant, ideal for oil & gas, chemical, and industrial applications. Get a quote today.

I don't think there's any difference in meaning, although "free of charges" is much less common than "free of charge". Regarding your second question about context: given that English ...

Jingjin provides explosion proof power distribution cabinets for industrial and hazardous environments. Factory-built, customizable, ideal for B2B, OEM, and bulk orders.

Hexlon Explosion Proof Electrical Cabinets and Distribution Cabinets, IECEx and ATEX certified, ideal for Zone 1 and Zone 2 environments.

"Free" and "on the house" both mean that you don't have to pay, but the inferred meaning is slightly different. If something is "free" it is without charge. For example, you might ...

The market segments primarily into wall-mounted and free-standing explosion-proof power distribution cabinets, each serving distinct operational needs.

Manufacturer of explosion proof cabinets made from cast iron or aluminum materials. Suitable for sidewalks, bridges, street lighting, roadway barriers, and parking lots.

In the context such as "free press", it means libre from censorship, "gluten-free" means libre from gluten and so on. Then there is "free stuff", why is the same word used?

What is the opposite of free as in "free of charge" (when we speak about prices)? We can add not for negation, but I am looking for a single word.
