Why did China build a free port in Hainan?

The construction of a free port in Hainan serves to promote its maritime development strategy and an increased level of openness and influence in the region. Established in 1988 as China's largest special economic zone, Hainan has tended to be a testing ground and pioneer in opening-up reforms. Some notable measures:

Is Hainan a free port?

Wang Yang publishes an official definition of a free port in the People's Daily. Announcement of a free trade zone covering the entire island of Hainan during the 30th anniversary of the Special Economic Zone. Launch of the Master Plan for the construction of the Hainan Free Port, aiming for global status by 2050.

Will Hainan become China's largest free trade port?

Hainan is rapidly transforming into China's largest and most ambitious Free Trade Port, an entire island-wide experiment in ultra-modern trade liberalization. With clear development milestones set for 2025, 2035, and 2050, the initiative is part of China's vision to create a competitive integrated hub for cross-border trade.

Is Hainan China's most ambitious experiment in free trade & economic openness?

As global trade faces rising tariffs and growing protectionism, China is moving in the opposite direction by opening one of its doors wider. That door is Hainan, a tropical island now being positioned as China's most ambitious experiment in free trade and economic openness.
