---

Liquid-cooled 100kW 232kWh lithium battery ESS Integrated Solar Power Cabinet, an advanced high-voltage energy storage solution designed for industrial and commercial applications.

With intelligent air cooling, IP55 protection level, and optional WiFi/GPRS remote monitoring, you can rely on this system for optimal performance and safety. Stay ahead of the curve with our energy ...

The HighJoule 100KWh Outdoor Cabinet Series offers a robust solution for commercial applications, featuring a 100KWh LFP or SSB battery with over 8000 cycles, ensuring long-term reliability and ...

This integrated outdoor cabinet features lithium iron phosphate (LFP) batteries, modular PCS, EMS, power distribution, fire protection, and an advanced liquid cooling system that enhances thermal ...

High Efficiency & Energy Saving Intelligent power module activation, high conversion efficiency, low standby loss, and fast charging save energy and reduce investment.

Engineered for commercial and industrial resilience, this high-density solution delivers massive capacity (215kWh) and robust power (100kW) in a single, scalable cabinet.

The Symtech Solar Battery Energy Storage Cabinet (MEG 100kW x 215kWh) is a fully integrated, PV-ready hybrid energy storage solution designed for both on-grid and off-grid applications.

Featuring an advanced battery management system (BMS), power conversion system (PCS), liquid cooling, and intelligent energy management (EMS), this energy storage cabinet ...

With 100kW PCS and 215kWh of LiFePO<sub>4</sub> battery storage, it delivers robust, efficient, and versatile energy management. This solution integrates advanced BMS and EMS technologies to provide real ...

## High-performance intelligent photovoltaic energy storage battery cabinet 100kW

This industrial and commercial battery storage system is the ideal compact solution for your battery projects to work alongside solar PV, EV chargers and back up power requirements.
