How much does a battery replacement cost?

The average cost for a Battery Replacement is between \$409 and \$443. Labor costs are estimated between \$56 and \$82 while parts are priced between \$353 and \$361. This range does not include taxes and fees, and does not factor in your unique location. Related repairs may also be needed.

How much does it cost to replace a Mopar battery?

Seems crazy to me. Unfortunately, dependent on your geographical location, Jeep Service Depts. usually get between \$800 and \$900 for the 2 Mopar branded batteries and the install of both. Cost to do the replacement yourself with a very good H7 AGM Main battery and a decent Aux battery is about \$350-450.

How do you replace a battery?

Carefully lift out the old battery. Look for any corrosion on the cables and remove it with a wire brush or terminal cleaning tool. Drop in the new battery so that the positive post lines up with the red cable. Secure it with the battery retaining clamp that you removed earlier.

Can a do-it-your-selfer replace a car battery?

A confident do-it-your-selfer can replace a vehicle battery. Start by checking your vehicle owner's manual for the battery's proper size and location. Find the positive and negative posts. The positive post will have a red plastic cover over it. Look for a + sign stamped onto the battery or printed on a nearby label.

They're replacing it with a new part number (assuming your build was from June or earlier). If your build is from later, it has the new part already. Perfect! That answers my question! Wonder what the life on ...
