Our Constant Climate Cabinet (Desk-top Temperature & Humidity Chamber), which supports temperature and humidity tests in laboratories and research rooms using a network.

Ejer Tech. (China) is a technology-driven enterprise, engaged in the R& D, production and sales of the dry cabinets, precision laboratory equipment and other electric equipment.

One of the key features of the constant climate cabinet is its precise and reliable temperature control. With a range of 10°C to 70°C, the cabinet can provide consistent temperatures ...

Designed to meet the demanding requirements for precise humidity and stability, Advanced engineered design incorporates the latest in cabinet, refrigeration, temperature control and monitoring features.

Especially suitable for some precious and infrequent cultural relics, for long-term storage and management.

Keep insulated tools, PPE, and test instruments within a safe operating envelope. Our climate controlled storage cabinets deliver stable temperature and humidity, so rubber, polymer, and composite ...

A constant temperature and humidity cabinet is an essential piece of equipment used in various industries to maintain a controlled environment for storing sensitive materials or conducting ...

Discover how the Air Innovations SSC 4500 sterile storage cabinet maintains temperature, humidity, HEPA filtration, and positive pressure to protect sterile instruments.

Constant climate chambers are available in different sizes and with different temperature and humidity ranges. Before purchasing, you need to consider in detail the applications for which you need the unit.

Air Innovations" sterile storage cabinets (SSC 4500) offer increased storage space with controllable

Hospital power cabinet with constant temperature and humidity

temperature and humidity conditions--technologies that meet or exceed industry standards.
