Who are the leading energy storage companies in India?

Amara Raja Batteries has become synonymous with energy storage solutions in India. The company is a key player in developing advanced lead-acid and lithium-ion batteries. Their focus on renewable integration and energy-efficient products caters to the growing demand for sustainable power storage solutions. 4. Reliance New Energy Limited (RNEL)

Where are lithium ion battery manufacturers located in Mumbai?

Andheri, a prominent suburb in Mumbai, serves as a crucial supply chain center for lithium ion battery manufacturers. The area is home to numerous industrial complexes and warehouses that facilitate the storage and distribution of battery components.

Why are lithium-ion batteries growing in Mumbai?

Mumbai, the bustling financial hub of India, has emerged as a significant center for the manufacturing and supply of lithium-ion batteries. The increasing demand for electric vehicles, renewable energy storage, and various portable electronic devices has propelled the growth of this industry in the city.

Which company manufactures lithium ion batteries?

Tata Chemicals, a subsidiary of the Tata Group, has diversified into the lithium ion battery sector to leverage its expertise in chemical manufacturing. Established in 1939, Tata Chemicals has a state-of-the-art battery production facility in Mumbai, focusing on developing advanced energy storage solutions.

The company, ESF, specializes in designing and implementing grid-scale energy storage projects, providing essential solutions for the energy transition.

Xbattery is building lithium battery packs in India, including electronics and software, to help businesses, EVs, and grids store energy affordably and access it on demand.

It designs and develops energy storage systems for storing and generating renewable energy. It also provides hybrid energy offerings with a mix of solar PV and diesel and battery energy ...

This article ranks key players shaping the market while exploring growth drivers, applications, and trends.

India mumbai solar energy storage cabinet lithium battery company

Whether you're sourcing batteries for solar projects or industrial backup systems, discover ...

With Battrixx's ESS energy storage system, solar energy users become less dependent on electricity prices and can use their own eco-power whenever they need it.

EnerCube is a leading Manufacturer and Supplier of Battery Energy Storage System Solution (BESS) Provider Company in India for energy storage, Energy Storage PCS, Hybrid Solar PCU, and also a ...

Amara Raja Energy & Mobility is the foremost energy storage company that has diversely expanded beyond lead-acid solutions to lithium-ion battery packs and energy solutions for ...

Leading companies like Exide Industries, Amara Raja Batteries, Tata Chemicals, and HBL Power Systems are at the forefront of this industry, offering a diverse range of high-performance lithium-ion ...

In this blog, we'll explore the Top 10 Battery Energy Storage System Companies in India (2025), providing detailed profiles of each company along with their flagship projects, products, and features.

Explore the top 10 Indian companies in energy storage solutions in 2025. Discover innovative technologies driving sustainable energy and renewable integration.
