IP Enclosures FC Range of IP66 19" Field Data Rack Cabinets are designed for heavy duty outdoor applications to house sensitive data network and electrical equipment in harsh environments.

Advanced air-cooled energy storage integrated cabinet with IP55/IP66 protection rating and intelligent air conditioning temperature control. This distributed industrial and commercial energy storage ...

SLENERGY, a leading innovator in energy storage technologies, has developed advanced cabinet solutions that address the demands of the next-generation energy landscape.

Featuring lithium-ion batteries, integrated thermal management, and smart BMS technology, these cabinets are perfect for grid-tied, off-grid, and microgrid applications. Explore reliable, and IEC ...

Our outdoor energy storage cabinet is an intelligent integrated management system that provides reliable and efficient energy storage for outdoor applications.

With four layers of fire safety protection, the inverter meets the IP66 protection rating, while the cabinet achieves IP55, ensuring durability and enhanced safety in various environments.

An IP66-rated ESS with 6-8 kWh storage and 1.5 kW inverter can sit unprotected on the greenhouse roof, enduring downpours and high humidity without performance dips, ensuring LED ...

The 261kWh liquid-cooled BESS is an advanced outdoor energy storage cabinet designed for commercial and industrial applications. Featuring a high-efficiency liquid cooling system, it ensures ...

Highly adaptable, with a wide range of configuration possibilities, including PDUs, basic or Intelligent. Supports various environmental sensors, such as door sensors, smoke detectors, and temperature ...

Intelligent Energy Storage Cabinet for Field Operations IP66

Safety designs such as water and electricity separation, three-level fire protection + explosion venting + exhaust, liquid cooling + dehumidification design, all ensure the safety of the energy storage ...
