-----  
What is an IP67 enclosure?

IP67 enclosures are among the most protective types of electrical enclosures available today, with the ability to act as either indoor or outdoor enclosures, thanks to their durable weatherproof gaskets. Specifying an IP67 enclosure may be the right choice for you if:

What is the IP 67 standard for industrial enclosures?

ROLEC industrial enclosures tested according to the IEC 60529 IP 67 standard for ingress protection. IP 67 electronic enclosures are rated to withstand complete immersion in up to 1 metre (3 ft, 3 in) of water for 30 minutes.

What is an IP67 polycarbonate enclosure?

IP67 Polycarbonate enclosure with a solid lid featuring metric knockouts for cable glands. The X6 is designed for electrical junction boxes, weatherproof IoT devices or sensory enclosures ...

Are polycase enclosures IP67 rated?

Polycase's IP67 rated enclosures and boxes provide protection for your electronics in indoor and outdoor applications. Meeting IP67 requirements ensures waterproof enclosures provide security for housing internal components in wet environments.

Our customer service makes the process easy, and we offer instant quotes that take only minutes to complete. Browse our IP67 enclosure options here and find an enclosure solution that's a great fit for ...
