This project, the first of its kind in the country, will combine 160 MW of solar power with 60 MW of wind power. It will be operated for fifteen years under a public-private partnership that ...

Mauritania has signed its first independent power producer contract, a \$300 million agreement with Iwa Green Energy to develop a 60-megawatt hybrid solar-wind power plant.

Mauritania has signed a a \$300 million PPA agreement with Ewa Green Energy to build a hybrid power plant consisting of 160MW solar, 60MW wind and 370MWh battery storage.

The Mauritanian government has signed a landmark agreement to build the country's first hybrid renewable power plant, combining 160 MW of solar, 60 MW of wind and 370 MWh of battery ...

On 12 September 2025, Mauritania signed a \$300 million agreement with renewable energy developer Ewa Green Energy to construct a 220-megawatt (MW) hybrid power plant near Nouakchott.

Mauritania has entered into a 0 million Power Purchase Agreement (PPA) with Ewa Green Energy to develop a cutting-edge hybrid power plant featuring 160MW of solar energy, 60MW ...

The project will finance Mauritania's first large-scale battery energy storage facility, enabling the country to harness its abundant solar and wind resources for more reliable electricity.

Key Figures & Findings: Mauritania has entered into a \$300 million agreement with Ewa Green Energy to build a 220MW hybrid power plant (160MW solar + 60MW wind) with a 370MWh ...

During that period, the national utility, Somelec, will purchase the electricity produced. The plant, to be built near Nouakchott, will combine 160 megawatts (MW) of solar capacity with 60 ...

Mauritania energy storage power purchase

The Mauritanian government has signed an agreement with renewable energy company Ewa Green Energy for the construction of a \$300 million hybrid power plant combining solar and ...
