This highly scalable and certified IP67 solution is capable of resisting the harshest environmental factors including moisture, dust, wind, rain, snow and extreme heat, supporting LoRaWAN applications in ...

IP67 Conduit for Outdoor LoRa Deployments (MTC DTIP-XX Series) The MultiTech Conduit IP67 is a ruggedized IoT solution, Ethernet only base station

Designed for easy deployment, the solution includes an IP67 enclosure, external LoRa antenna to improve outdoor range and Ethernet or optional 4G -LTE backhaul. It can be deployed as part of an ...

This highly scalable and certified IP67 solution is capable of ...

Global Models MultiTech Conduit IP67 Base Station is a ruggedized IoT gateway solution, specifically designed for outdoor LoRa public or private network deployments. This highly scalable and certified ...

Bundled for easy deployment, the solution includes a Conduit with a LoRa mCard™, IP67 enclosure and LoRa antenna to improve outdoor range. It also provides a choice of cellular 3G, 4G-LTE or ...

This flexible solution provides durable, low-power, low-power, wide area network connectivity in support of M2M and IoT applications for both LoRa service providers and individual enterprises wanting to ...

Built for the toughest environments, the MultiTech Conduit IP67 Base Station delivers secure, reliable LoRaWAN connectivity for outdoor and industrial IoT deployments.

Designed for easy deployment, the solution includes an IP67 enclosure, external LoRa antenna to improve outdoor range and Ethernet or optional 4G-LTE backhaul. It can be deployed as part of an ...
