Install and remove entirely from the front - no hidden steps, no extra tools. The cap also allows daisy chaining, connecting multiple outlets in sequence for greater flexibility and efficiency.

In episode 5 of the Perfect Prado update video series, the 2021 Landcruiser Prado gets a full 12v system complete with a solar panel and a Redarc charger.

Installing a 150W semi-flexible solar panel on a 2018 Toyota Prado -- clean install, easy setup, and ready for off-grid power. ? 5% off for new...

Prado installation solar outdoor power cabinet

I wanted to use the Kings 200w solar blanket in the event that the car's roof was under shade. I would simply unplug the roof panel, and plug in the solar blanket via an Anderson extension cable.
