Why should you choose Hainan free trade port?

Hainan provides Free Trade Port advantages for consumption, services, healthcare and logistics with strong opening-up frameworks. Ready to succeed in the Chinese market? Through our comprehensive China business services, international enterprises can:

Which ports can be shipped from Hainan?

6. Goods can be shipped from Hainan's two major ports: Haikou Port (the primary hub for general cargo, containers, and passengers) and Yangpu Port (a deep-water port specializing in containers, bulk cargo, and petrochemicals).

Why is China launching a free trade zone in Hainan?

China first announced its development of a pilot free trade zone in Hainan in April 2018 amid growing global uncertainty. So far, the Hainan FTP has established a foundational framework to facilitate free and orderly flows of goods, capital, personnel and data, underpinned by zero tariffs, low tax rates and a simplified tax system.

Under the framework of "first-line liberalization" and "island-wide freedom," Hainan allows China to test reforms in sensitive areas: offshore finance, cross-border data flows and ...

This Draft is the first local document to mention the removal of foreign ownership restrictions on internet data center ("IDC") services, following the MIIT Circular on April 10, 2024, ...

Explore Hainan Province, China's Free Trade Port with advantages in tourism-consumption, healthcare, modern services, logistics and emerging industries under comprehensive ...

Goods can be shipped from Hainan's two major ports: Haikou Port (the primary hub for general cargo, containers, and passengers) and Yangpu Port (a deep-water port specializing in containers, bulk ...

Retail of IP67 Data Center Racks in Hainan Free Trade Port

China's Hainan Free Trade Port (FTP) will officially launch an island-wide independent customs operation on Dec. 18, 2025, which opens up more opportunities for the development of ...

Since 2018, the local authorities in Hainan and relevant central ministries and commissions, with the support of the Chinese central government, have carried out and implemented ...

The southern island of Hainan is the next experimental cross-border data hub. Last week, Hainan released two rules paving the way for international data services in its Free Trade Port.

In Hainan, raw materials can be imported tariff-free, and income tax rates are lower. If the processed goods are later sold to the Chinese mainland, they can still enjoy zero tariffs.

The project will provide strategic support for scientific innovation, industrial upgrading, and cross-border data flows in the Free Trade Port, helping position Hainan as a hub for international ...

"We aim to establish a data hub in the Free Trade Port, with Hainan as the center for aggregating global data and building a digital economy ecosystem oriented toward the world," Wu said.
