Which server cabinets are made in South Africa?

Manufactured in Midrand for maximum security and durability in South African schools. Protect your critical network gear with Aries IP55 Outdoor Server Cabinets. Engineered in South Africa using Aluzinc or Stainless Steel to withstand extreme heat, rain, and vandalism. Discover the Apollo Wall Mounted Server Cabinet range.

Do you offer maintenance contracts for small and medium server rooms?

We offer maintenance contracts for small and medium server rooms. We also offer numerous maintenance contracts that you can read more about below. We service clients in all major cities in South Africa, incl. Durban, Johannesburg and Cape Town. We are able to tailor make your maintenance contract to suit your specific requirements.

Are IP55 server cabinets a good choice for South Africa's Schools?

South Africa and most of Africa is undergoing a data access surge. Our IP55 Server Cabinets are ideal for large scale fibre projects. Gauteng and in particular Pretoria's schools are leading the way in using tablets in Schools. However, Cape Town and other South African education institutions will be edging ahead.

Are Apollo server cabinets made in South Africa?

Engineered in South Africa using Aluzinc or Stainless Steel to withstand extreme heat, rain, and vandalism. Discover the Apollo Wall Mounted Server Cabinet range. Locally manufactured in South Africa, SITA certified, and featuring a modular flatpack design for efficient logistics and rapid deployment across Africa.
