Who will sign the energy storage contracts in Buenos Aires?

The energy storage contracts will be signed with leading electricity distributors in Buenos Aires, Edenor, and Edesur, while the Wholesale Electricity Market Administration Company (CAMMESA) will be the guarantor.

How long will a Bess contract last in Argentina?

The Argentine Energy Secretariat opened the \$500 million AlmaGBA Storage tender to procure BESS for AMBA. Projects are expected to take shape within 18 months. The template indicates contracts will run for a maximum 15 years after the date of BESS commercial authorization or Jan. 1, 2027, whichever comes first.

How much does Almagba storage cost in Buenos Aires?

The AlmaGBA Storage tender, for the metropolitan area of Buenos Aires (AMBA), will pay a fixed \$10/MW of electricity supplied and energy storage capacity bids must have a maximum cost of \$15,000/MW/month.

Why is energy storage important in Argentina?

The implementation of storage solutions aims to prevent power outages, improve system efficiency, and ensure a stable electricity supply during high-demand periods. This initiative marks Argentina's first large-scale adoption of energy storage technology.
